	he rmer
No 8 at 1:45 p.m. 22 June. Thirty-four crates of the same type as observed on the previous da were seen in front of building No 8 at 11:45 a.m. 23 June. The crates observed on 22 June were being taken into building No 8 25X1 26 June. Twenty-nine crates painted grey and black left the installation and	7
were loaded on 10 flatcars at the Dallgow-Doeberitz railroad station between 10 a.m. and noon. All the crates were fitted with a small window at one side	25X1
Comments. (1) For layout sketch of the Dallgow air force depot, see Annex 1. The sketch is complete, since only the buildings remembered by source were entered in it.	in-
(2) Information on a unit quartered at the former NSKK Kaserne and engaged in reproved on jet engines at Doeberitz airfield was previously forwarded.	1
(3) The bords were probably 100-kg bombs. (4) From the demensions of these crates it is believed that they were used for shipping RD-45 type jet engines.] 25X1
